Re: Telephone Number Portability, et al.
CC Docket No. 95-116; WC Docket Nos. 09-109 and 07-149

Dear Secretary Dortch:

The North American Portability Management LLC (the "NAPM LLC"), by its attorneys, hereby files a written summary of the NAPM LLC's status updates to the Federal Communications Commission ("FCC" or "Commission") regarding the transition from the current local number portability administrator ("LNPA"), Neustar, to the new LNPA, Telcordia d/b/a iconectiv (the "Report"). This Report updates the FCC, the public, and all interested stakeholders regarding transition activities to date in accordance with the requirements of the LNPA Selection Order¹ and guidance received from the FCC on June 24, 2015. The NAPM LLC will continue to file written updates of this Report with the FCC at the end of each month until transition is complete.

Transition Oversight Plan

The latest version of the Transition Oversight Plan ("TOP"), dated August 31, 2015, is published on the public portion of the NAPM LLC's website at www.NAPMLLC.org.

Stakeholder Outreach and Education

A Transition Outreach and Education Plan ("TOEP") was developed and finalized with the oversight of the FCC, and is included as an Exhibit in the amended TOP filed on August 31, 2015. The TOM has hosted several LNPA Transition Outreach ("LTO") webcasts since December 2015. In addition, there have been in-person events for stakeholders to share perspectives and ask questions about the LNPA transition. The content and notes from the webcast meetings have been posted on the NAPM LLC's website at the following URL: <https://www.napmlc.org/pages/home.aspx>.

Transition Oversight Manager

The TOM continued to advance the objectives of the LNPA transition program in September.

Accomplishments included:

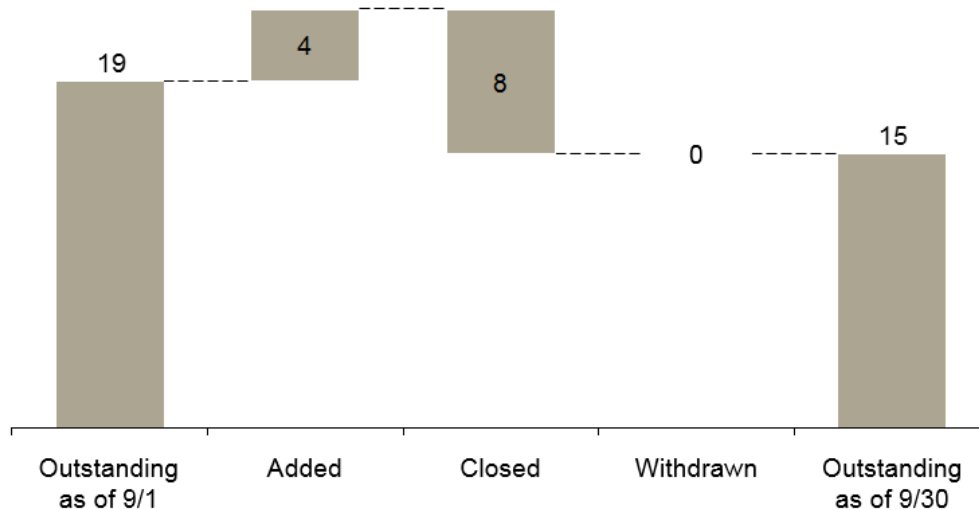

- Submitted an update to the Transition Oversight Plan (TOP) to the NAPM for review
- Presented a quarterly transition update report to the North American Numbering Council (NANC) on 9/15/16

¹ *Telcordia Technologies, Inc. Petition to Reform Amendment 57 and to Order a Competitive Bidding Process for Number Portability Administration et al.*, Order, WC Docket Nos. 07-149, 09-109, CC Docket No. 95-116, ¶¶ 158-59 (rel. Mar. 27, 2015) (*LNPA Selection Order*).

- Conducted the September TOEP webcast on 9/21/2016; attended by 311 participants; replay available at <https://event.webcasts.com/starthere.jsp?ei=1116645>
- Hosted two in-person TOEP events: The TOM and iconectiv were adjacent to the CTIA conference in Las Vegas, NV on 9/7 – 9/8/2016 and collocated with the NTCA conference in Indianapolis, IN on 9/26 – 9/27/2016
- Coordinated with iconectiv on its first onboarding webcast on 9/21/16; attended by more than 600 participants
- Developed a web-based project management tool for tracking the review of Acceptance Test Plans (ATP)
- Submitted NPAC SMS ATP for review by the FCC
- Worked with Neustar to identify the changes required to use EBDD files to restart the Neustar NPAC in a rollback scenario
- Facilitated contingency rollback working session meetings with iconectiv and Neustar
- Developed and provided a preliminary list of requested transition services and deliverables to Neustar
- Submitted updated parallel operations documents to Neustar and NAPM for review
- Verified the delivery of the September NPAC customer data from Neustar to iconectiv

The TOM conducts weekly meetings with the NAPM LLC Transition Team, iconectiv and Neustar to coordinate activities and communication across the parties and address ad hoc issues as they arise. These working meetings are used to identify, discuss and close tasks (A.K.A. action items) required to advance the project objectives. The graph below depicts the progress achieved in addressing these action items since the last monthly report.

Transition Action Item Progress (9/1/16 through 9/30/16)

The TOM continues to track identified LNPA transition risks including the summary program risks below:

- Agreement on important transition planning details is necessary in order to finalize the overall transition plan, including:
 - Governance of transition decision making and resolution of potential disputes
 - Agreement on approach and implementation commitment for LNPA transition contingency rollback
- Joint-vendor interaction is being impeded by the absence of a confidentiality agreement between the incumbent and selected LNPA

iconectiv

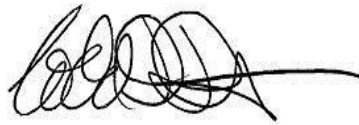

On July 25, 2016, the FCC released a final decision approving the recommendation of the NANC that iconectiv serve as the next LNPA and the terms and conditions of the draft Master Services Agreement ("MSA") that the NAPM LLC and iconectiv had previously submitted to the FCC.² On August 8, 2016, the NAPM LLC and iconectiv executed the MSA. On September 21, 2016 iconectiv held the first of several planned LNPA Transition onboarding webcasts for Service Providers, Service Bureaus and Providers of Telecom Related Services. In addition, iconectiv is moving forward with meeting the requirements and deadlines set forth in the Master Services Agreement.

Neustar

Neustar began billing industry service providers on their December 2015 monthly Statement of Work ("SOW") invoices for transition service support billable since July 2015, consistent with the terms of SOW 97.

Please contact the undersigned if you have any questions or would like any additional information about the issues discussed herein.

Sincerely,

Partner
